

## **PL/pgSQL Developer (with DBA experience)**

*Fraud and Revenue Assurance Solutions (telecoms)*

*Location: Dublin*

This is an exciting opportunity to join a fast-emerging software development company at the heart of innovation within its industry: global telecommunications. Due to the company's growth and continued product innovation there is a need to strengthen the core development team in Europe.

### **Job description**

The PL/pgSQL developer will work with the technical development team for development applications in different Relational DBMS, e.g. PostgreSQL, Oracle etc

The ideal developer will have thorough knowledge of SQL (PL/pgSQL), some experience with at least one other PostgreSQL language (e.g. PL/Perl), significant experience with a least one commercial database, and extensive experience with complex functions/stored procedures, code optimization, and index tuning in PostgreSQL.

### **Experience**

- 2+ years experience of SQL, PL/SQL programming, writing complex PL/SQL for Oracle, PL/pgSQL for PostgreSQL using packages, procedures, functions, cursors, triggers etc.;
- 1+ years experience in database administration, management of DBA routine tasks: roles, privileges, synonyms, schemas objects, tablespaces, partitions;
- Excellent problem resolution, judgement and decision making skills;
- Shell, Perl Scripting, knowledge in python would be an advantage;
- Applicant must be able to work both independently and participate in a team environment;
- Applicant should possess solid oral, written, presentation, interpersonal communication skills.
- Fluency in English is a must, and any other language(s) would be an advantage.

He/she will have the opportunity to genuinely make a difference in a dynamic and flexible working environment.

## **Our offer**

- A fascinating and challenging job within a fast emerging global software solutions provider;
- A competitive salary & benefits package including a performance-related bonus;
- A chance to be a core team member of a fast-growing and fun company.

Please note that applicants must be EU citizens, or in possession of a valid EU work permit.
